

Strengthening and uniting our community through parks, recreation and open spaces.

CAPRD Meeting Minutes

March 20, 2008

City Hall Conference Room, 7:00 p.m.

Attending: Board Members, Bill Milne, Liz Thorstenson, Don Morgan, Janie Malloy, Joe Driggers. Matilda Deas, City of Canby

Treasurers Report: \$2444.99

There was a review of the previous joint meeting with the City Council, and the CAPRD Board. There was a report on the previous City Park Committee meeting, and their discussion of budget, and capital projects that are proceeding in this year.

Don provided information from the county. Liz is now officially on their roles as our new Board Member. However, the Blue Heron is still listed as a District on their surplus property list. Don will contact the appropriate parties and try to get that corrected. We discussed the SDOA listing and mailing list, and how to keep us all current on their files. Don reported on the county's plan for brush clearing, and parking space development at the Molalla River park site. The county will have porta toilets, but will need to have a volunteer to close and open the gates each day.

We are planning to visit East Portland Community Center, Firstenburg Community Center in Vancouver, and the Connestoga Community Center in Beaverton. Janie will report back to the Board after the visits. The firm of Ken Ballard and Associated was mentioned as a valuable resource in our development of costing for community centers. Both the construction, and operating costs.

Next Meeting: April 10
